STRATEGIC PRACTICE ANALYSIS EXECUTIVE SUMMARY

to the extent that the State Board of Nursing (NBN) is required to take action to address the issues identified in the Strategic Practice Analysis (SPA) report (NCSBN, 2013). The SPA report (NCSBN, 2013) identified 160,000 of the NBN's total nursing workforce, which is a significant portion of the total nursing workforce in the United States (NCSBN, 2013). The NBN's total nursing workforce is approximately 160,000, which is a significant portion of the total nursing workforce in the United States (NCSBN, 2013). The NBN's total nursing workforce is approximately 160,000, which is a significant portion of the total nursing workforce in the United States (NCSBN, 2013). The NBN's total nursing workforce is approximately 160,000, which is a significant portion of the total nursing workforce in the United States (NCSBN, 2013).

The NBN's total nursing workforce is approximately 160,000, which is a significant portion of the total nursing workforce in the United States (NCSBN, 2013). The NBN's total nursing workforce is approximately 160,000, which is a significant portion of the total nursing workforce in the United States (NCSBN, 2013). The NBN's total nursing workforce is approximately 160,000, which is a significant portion of the total nursing workforce in the United States (NCSBN, 2013). The NBN's total nursing workforce is approximately 160,000, which is a significant portion of the total nursing workforce in the United States (NCSBN, 2013). The NBN's total nursing workforce is approximately 160,000, which is a significant portion of the total nursing workforce in the United States (NCSBN, 2013).

Purpose

The purpose of the SPA is to identify the NBN's total nursing workforce and to determine the NBN's total nursing workforce.
